## CHULA VISTA

(Beautiful View)

Lying along the Bay, about seven miles south of San Diego, is the attractive suburb of Chula Vista. It commands a fine view of the waters of the Pacific, Coronado, Point Loma and City of San Diego; while to the south the landscape is filled with glimpses of citrus orchards, with vistas of the distant Mexican mountains.

The climate of Chula Vista is the same as that of San Diego and the entire bay region, the average annual temperature being about 61 degrees.

The soil is adapted to the production of lemons, oranges, grape fruit, peaches, plums of all kinds, almonds, apples, pears, berries and vegetables, but the most popular crop is the lemon, as climatic conditions are particularly favorable to its cultivation. Water is supplied from Sweetwater Reservoir at the annual rate of \$7.00 per acre. This entitles owners of land to 350,000 gallons per acre yearly, which is ample for any orchard. This suburb enjoys good electric transportation facilities which, together with its nearness to the city, makes it a desirable residential section for those desiring to combine city and country life. It has many educational and social advantages, including modern schools, churches and clubs.

## CORONADO

Coronado Beach, located just across the bay from San Diego is a city and resort center combined, harboring no manufacturing or big commercial plants but a city of wonderfully attractive homes, four fine parks, modern business blocks, fine churches and schools. The present population is about 6,100.

The famous Hotel del Coronado, open all year, and attracting world travelers from January to December, is located on the ocean side of Coronado. Situated on the strip of land between bay

and ocean is the summer resort of over 600 palm tent houses and palm cottages, Coronado Tent City. This resort is open from June to September. Entertainment features include bay and surf bathing, dancing, free daily concerts, aqua-planing and all other beach sports including a great variety of mechanical amusement concessions. Tents are rented by the day, week or month with or without housekeeping privileges.

1925—EL CAJON DIRECTORY—1925

**El Cajon City Directory  
1925****The Valley of Opportunity**

El Cajon, familiarly known throughout Southern California as the Valley of Opportunity, is located 15 miles east of San Diego. A combination of splendid paved highways and adequate rail facilities afford the residents of this community ample accommodations for rapid and pleasant travel.

Midway between the Pacific Ocean and the rugged Cuyamaca Mountains, El Cajon is ideally situated; here one finds all the advantages, without the disadvantages, of living in a seaside or mountain resort—a few minutes' delightful spin brings one to either. The climate is not only most desirable from the viewpoint of the home-seeker, but is particularly fine for the cultivation of citrus, deciduous and semi-tropic fruits, vegetables of all kinds, and winter truck gardens.

The center of a tremendous agricultural district, El Cajon is the distribution point for wholesalers and retailers dealing direct with the ranchers of this

territory. Adequate banking and marketing facilities are exemplary of the up-to-date business district. Charming hungalows, ample school accommodations, churches and sporting facilities are the rule and not the exception in this charmed land.

## ESCONDIDO

Escondido, "the sunkissed vale," lies in the center of a rich farming district, with the shortest thermometer in California, 111 miles south of Los Angeles, 34 miles north of San Diego; on branch line of Santa Fe Railway, on direct line of inland highway, 14 miles from the sea, elevation 700 feet; low infantile mortality, no malaria, no insect pests; citrus industry employs 1,500 people; 4 large citrus packing houses, poultry and dairying; extensive grape industry; celebrates "Grape Day" Sept. 9th; average rainfall 16 inches; unlimited irrigation water, electric lights and gas plants; broad, well-kept streets, municipal water and sewer system, best of schools, 14 churches, 5 banks and all of the civic and social organizations; country club of 100 members. Foundations laid for modern silk plantation of 320 acres; nine-hole golf course open to the public; five good hotels, daily and weekly papers; ideal place to live; come and try it. For further information drop a line to the Chamber of Commerce.

## LA MESA

The present population of La Mesa is 2,000. It is a live community, and one that is steadily growing. New residents are attracted by the exceptional advantages of the place, its ideal climate, its up-to-date improvements and its charming location. It is eleven miles from San Diego, on the San Diego and Arizona Railway. It is the Highest station on that line, the elevation being from 500 to 800 feet.

La Mesa is situated along the small mountains or foothills. It has a number of level blocks, in which the business portion of the town is situated. Also, there are plenty of level residence lots for those desiring such, while the remainder of the townsite is made up of knolls and hill sides, affording desirable locations for homes, with views of mountain and valley. La Mesa has seven miles of cement sidewalks; eight and one-half miles of curbing; pressure water piped to each residence, fine spring water supplies the downtown district; six churches, fine graded school, fully equipped for manual training and domestic science and housed in enlarged new building; telephone exchange; bank; weekly newspaper; gas and electricity; and modern stores and shops. The children of La Mesa have full advantages of the Grossmont union high school.

An evidence of the progressive spirit of this community is the recently established La Mesa country club which has laid out 73 acres in a nine-hole golf course, with modern clubhouse. A city playground with cement tennis courts and swimming pool add attractive features. La Mesa has a branch of the San Diego Chamber of Commerce and well equipped public library.

1925—NATIONAL CITY DIRECTORY—1925

## NATIONAL CITY

Located adjoining San Diego on the south along the eastern shore of the bay of San Diego, National City occupies a beautiful and healthful site that in its present state of development is attractive alike to the suburban home-seeker, the investor and the manufacturer. The present population of National City is 6,825.

National city is only twenty minutes ride from the business center of San Diego on the San Diego electric line. Water supply for this city is conserved by the Sweetwater Dam. The capacity of the reservoir is 11, 542, 000,000 gallons. Mountain water from this reservoir is delivered under pressure in all parts of the city. The irrigation rates are very low. The city streets are well lighted.

Excellent high and grammar schools are found here; the public library is unusually well selected and occupies a \$10,000 building; churches of six different denominations own their own houses of worship. Nowhere can better suburban home conditions be found.

City Hall, 1404-1410 4th av

1925—OCEANSIDE DIRECTORY—1925

**Oceanside City Directory  
1925****Known As the "Carnation City"  
"Where Life is Worth Living"**

Located on the Coast 40 miles north of San Diego and 90 miles south of Los Angeles. Is an incorporated City of the Sixth Class, containing a population of about 2,500 inhabitants.

Situated on the Main Line of the Atchison, Topeka & Santa Fe Ry., the terminus of the Escondido, Fallbrook and San Luis Rey Branch lines.

The City owns a fine Water System, water for domestic purposes and for irrigation being sold as low as .05c per 1,000 gallons, the cheapest water for domestic purposes in the State.

Finest and safest beach for bathing on the whole coast of California. In the history of the town, no life has been lost from surf bathing.

Has a modern sewer system covering entire City.

Electric lights, fishing pier, etc.

Municipal band of 30 pieces.

Modern Plunge—Cottage City on the Beach.

1925—RAMONA DIRECTORY—1925

## RAMONA

In the Golden Valley of Little Ranches

The town of Ramona lies in the central eastern part of San Diego county, at an elevation of 1440 feet, in the Santa Maria valley. This farming section extends a distance of about nine miles from northeast to southwest, with an average width of about three miles and a slope toward the west of about fifteen feet to the mile. It is surrounded by rugged mountains, except on the extreme eastern side where a chain of very low rolling hills separates it from Goose valley, which, topographically, forms the northeastern part of the Santa Maria valley. The valley floor is composed of friable gravelly and sandy loams, which in spots are deep, but lacking in humus. Outcroppings of

granite occur, breaking the level hay and grain areas on the valley floor.

In addition to hotels, restaurants, weekly newspaper, union grammar and high school, the latter being of concrete construction, Ramona possesses general merchandise, grocery, hardware stores and lumber yard. The town has two garages, machine shop and vulcanizing plant. A town hall for fraternal and social gatherings, and Friends and Congregational churches are prominent. Motor trucks handle the freight from this district. Auto passenger service, with round trips daily between Julian and San Diego passing through Ramona, furnishes transportation. There is a fine paved road to San Diego, and town is electrically lighted.

New Edition of

**TRADE!** You like  
to patronize those concerns  
who are in business to stay.

It's human to expect that such business establishments always stand back of the wares they sell.

The advertising in this Directory is suggestive of the stability and permanency of the advertisers.

Frauds, fakes, get-rich-quick and other schemers have little use for directory advertising. It lives too long.

The modern City Directory is a business institution. It occupies a place peculiarly its own. It is as necessary to the progress and development of a city generally as anything naturally would be which deals with such a fundamental as the citizens themselves.

If you are not advertising your business in the Directory, may we explain how and why it will pay you?

## ATTORNEY'S ATTENTION

### We Search Directories

Our Directory Research Department makes searches throughout California and United States Directories for lost and missing people and defendants in court actions.

We maintain the most complete Library of City, County and State Directories West of Chicago.

Our Library of California Directories represents more than 715 Cities, Towns and Rural Routes.

# Association of North American Directory Publishers

**General Office**  
524-52S Broadway  
New York City

Open every day except Sunday.

Any reputable City Directory Publisher may become a Member.

Organized in 1898, for the Purpose of Improving the Directory Business by Exchanging Ideas.

All directory publishers are invited to make use of the offices and conveniences they offer when in New York.

A complete directory library, telephone, desk, typewriter and all the daily papers are at your service.

Have your mail addressed here when you visit the Metropolis. Make yourself at home.

## Officers.
